

INNOVATION TRACTION PERFORMANCE

UTV / ATV / SXS TIRE AND WHEEL CATALOG

MADE IN THE USA

INNOVATION TRACTION PERFORMANCE

ITP TIRES AND WHEELS MEET THE DEMANDS OF TODAY'S OFF-ROAD ENTHUSIASTS BY DELIVERING UNEQUALLED TRACTION, PRECISE HANDLING AND EXCEPTIONAL DURABILITY TO OVERCOME THE WORLD'S MOST CHALLENGING TERRAIN.

CONQUERING THE WORLD'S MOST CHALLENGING TERRAINS

INDUSTRY-LEADING PERFORMANCE

In the lab and on the test field, the ITP team works hands-on to ensure that each tire made outperforms the competition.

BUILT FOR THE WORLD - MADE IN THE U.S.A.

ITP tires are made in America -- individually hand-crafted in Clinton, Tennessee. As supporters of American ingenuity and product quality, the ITP team is proud to be a part of locally built tires for worldwide customers.

NEVER STOP PUSHING

The imaginative engineering team at ITP continually pushes the envelope with tire-and-wheel innovations that answer demands for new vehicle introductions, durability requirements and fitment upgrades. ITP: The World's #1 ATV/UTV Aftermarket Tire & Wheel Source. Everything you need to conquer the world's most challenging terrain.

VERSA CROSS® V3

EXTREME PERFORMANCE FOR HARD PACK TO INTERMEDIATE TERRAINS. ENHANCED TREAD PATTERN AND 8 PLY RATED RADIAL CONSTRUCTION, THE VERSA CROSS V3 IS DESIGNED FOR TODAY'S HIGH PERFORMANCE UTV AND SXS VEHICLES.

PERFORMANCE

- Super-deep rim guard designed to protect the rim lip on styled aftermarket wheels
- “Tough Tread” rubber compound protects against cuts, chips and tread wear

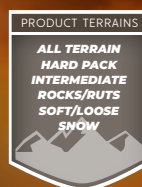

TREAD DESIGN

- 18 mm lug depth with center lug channels
- Shoulder lugs enhanced with contour changes and channel cuts; promotes ease of steering on low profile sizes and increases traction in slick and rutted conditions
- Additional channel cuts in tread face lugs increase biting edges; improves traction on slick rock and in wet, muddy conditions

CONSTRUCTION

- 8 ply rated radial construction
- Reinforced belts provide increased traction and unequalled puncture resistance
- Increased sidewall strength offers superior stability and puncture protection
- Made in USA

VERSA CROSS®

PREMIER PERFORMANCE AND HANDLING ON
HARD-PACKED SURFACES. WITH ITS 8 PLY RATING
AND RADIAL CONSTRUCTION, THE VERSA CROSS
TIRE IS SPECIFICALLY DESIGNED FOR HIGH
HORSEPOWER UTV AND SXS VEHICLES.

PERFORMANCE

- Super-deep rim guard designed to protect the rim lip on styled aftermarket wheels
- “Tough Tread” rubber compound protects against cuts, chips and tread wear

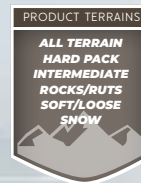

TREAD DESIGN

- 18 mm lug depth with center lug channels

CONSTRUCTION

- 8-ply rated radial construction

MADE IN THE USA

TENACITY® XSR/XNR

PREMIER HIGH-PERFORMANCE TIRE WITH 10 PLY RATED RADIAL CONSTRUCTION. THESE NON-DIRECTIONAL TIRES HAVE BEEN DESIGNED FOR DESERT, GRAVEL, ROCK, AND SANDY TERRAIN.

TENACITY XSR

- Utilizing a reinforced steel belt for improved puncture resistance, high speed stability, and performance.
- Chain type pattern improves traction in loose conditions
- Staggered shoulder blocks for increased traction in rocks and ruts
- Advanced tread compound for extended wear
- Tailored for the extreme rider/competitor

TENACITY XNR

- Carcass built with advanced Nylon body plies and CCB (continuous cap belt) in a lighter, non-steel belted version
- Designed for the recreational rider

CONSTRUCTION

- 10-ply rated radial construction

COYOTE®

SPECIFICALLY DESIGNED FOR HIGH HORSEPOWER UTV AND
SXS VEHICLES, THE 8 PLY RATED COYOTE TIRE IS A RADIAL
PERFORMANCE TIRE AND PROUDLY MADE IN THE USA.

PERFORMANCE

- Unmatched traction and side bite
- Predictable lateral stability
- Surgical steering response
- Specifically designed for higher horsepower vehicles
- Dominates rough, hard-pack, gravel and sandy terrain
- Staggered width shoulder lugs
- Optimal footprint for even pressure distribution

TREAD DESIGN

- Ample void and multiple biting edges on the tread blocks offer excellent traction in a variety environments
- 18 mm lug depth for maximum handling, braking and traction control
- Center lug channels improve traction by allowing the tread to flex and wrap around rocks and other objects when riding on rough trails

CONSTRUCTION

- 8-ply rated radial construction
- Reinforced belts provide increased traction and unequalled puncture resistance
- Increased sidewall strength offers superior stability and puncture protection
- Made in the USA

TERRA HOOK[®]

THE ITP TERRA HOOK TIRE IS A HIGH PERFORMANCE ALL-TERRAIN TIRE THAT OFFERS NINE SIZES TO FIT A WIDE RANGE OF VEHICLES. DESIGNED WITH MULTI-ANGLED CHanneLED LUGS, THE TERRA HOOK'S UNIQUE NON-DIRECTIONAL TREAD DESIGN DELIVERS TRACTION AND PERFORMANCE OVER ROOTS, ROCKS AND OTHER TRAIL CONDITIONS.

PERFORMANCE

- Balanced tread-to-void ratio ensures a smooth ride on harder surfaces
- Alternating shoulder elements assist grip from any angle of approach or direction and enhance forward or reverse motion in rutted conditions

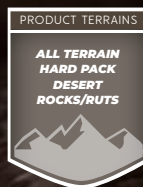

TREAD DESIGN

- Unique tread blocks with alternating pitches provide true multi-surface, multi-condition traction
- 18 mm lug depth for maximum handling and control

CONSTRUCTION

- 8 ply radial construction
- Reinforced belts improve straight line traction and enhanced puncture resistance
- Made in the USA

MADE IN THE USA

TERRA CLAW®

PERFORMANCE

- Round shoulder design provides excellent steering response and lateral stability
- V shape lug design provides increased traction and self-cleaning

TREAD DESIGN

- Unique alternating angled tread pattern provides enhanced traction in all terrains from hard pack, rocks, slick surfaces and soft terrain
- Center lug design provides both traction and a comfortable ride

CONSTRUCTION

- 8 ply radial construction
- Reinforced belts provide increased traction and puncture resistance

|---------|------------------------------------|-----|-----|
| 6P16381 | 280/60-10 MST (23x11.00-10) 72J | 8 | YES |

PERFORMANCE

- Ideal choice for UTV's used in extreme environments
- Intermediate tread design offers traction and braking on multiple terrains

TREAD DESIGN

- Square shoulder design ensures lateral stability

CONSTRUCTION

- Tough 8 ply rated carcass
- Cross ply construction offers rigidity in high load applications

DURACITY®

PERFORMANCE

- Flatter center profile for enhanced traction and stability
- Rounded shoulder design improves steering response

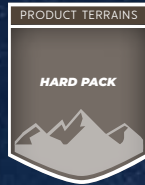

TREAD DESIGN

- Multi-pitch design with siping promotes a quieter ride on harder surfaces
- Directional, self-cleaning tread pattern with shoulder steps ensure traction in multiple dry, loose, and wet conditions

CONSTRUCTION

- Radial construction provides a compliant, comfortable ride and enhances traction in all conditions
- 6 ply rating ensures stability and durability in demanding applications
- Reinforced belts increase puncture resistance in the vulnerable tread area

CRYPTID[®]

PERFORMANCE

- The paddle-like shoulder configuration provides maximum side bite for climbing in and out of the mud without compromising ride comfort on trails and hard pack
- Grooved center lugs to channel away mud and debris and a super durable rubber compound to protect against abrasions, chips, and cuts

TREAD DESIGN

- Proven “chevron” style tread pattern, designed to deliver unparalleled forward traction
- Lug Height is graduated, starting at 38 mm at center growing to 50 mm at the shoulder

CONSTRUCTION

- 6-ply rated construction
- Made in the USA

ULTRA GT

The Ultra GT tires are designed for golf cart use on hard surfaces. Its extended wear compound delivers durable tread life with predictable handling, smooth ride, and low road noise.

HIGHLIGHTS

- Non-directional tread pattern enhances control and delivers a smooth ride
- Extended wear compound and sport ATV's
- Low profile design allows for use of larger wheel diameters
- The passenger car style tread pattern offers a unique 'street' look

MUD LITE® XTR

PERFORMANCE

- Long-wearing tread compound
- The 12-inch option is ideal for primarily muddy conditions, offering better flex and more flotation
- The revolutionary 14-inch model is an excellent all-around trail/mud choice, with lower-profile sidewall resulting in reduced flex and a dramatic improvement in handling and rider confidence

TREAD DESIGN

- Super-aggressive tread design features 27 mm deep, angled, grooved lugs to achieve an exceptional level of traction

CONSTRUCTION

- 6-ply rated radial construction
- Made in the USA

TERRA CROSS® R/T

PERFORMANCE

- Smooth riding radial XD (Extreme Duty) construction - an extra sidewall ply and increased sidewall and tread rubber thickness for improved puncture protection
- Extra-tough rubber compound significantly increases tread life

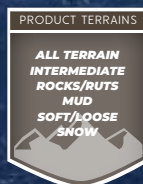

TREAD DESIGN

- Interlocking tread pattern and wide footprint result in exceptional traction and flotation
- The wrap-around shoulder lugs offer excellent sidewall protection and traction when navigating rutted trails

CONSTRUCTION

- 6-ply rated radial construction
- Made in the USA

WHO WE ARE

ABOUT ITP

Since 1982, ITP has been the world's #1 ATV/UTV aftermarket tire and wheel source. The premier ITP products are developed utilizing an experienced staff of engineers, designers and technicians at its two American tire facilities in Clinton, Tennessee, and Jackson, Tennessee, to develop award-winning tire-and-wheel designs for virtually all ATVs and side-by-side vehicles. Numerous outlets distribute ITP tires across the United States and in more than 25 countries worldwide. ITP is a registered trademark of The Carlstar Group, LLC.

ABOUT THE CARLSTAR GROUP

The Carlstar Group is headquartered in Franklin, Tennessee and is a global manufacturer of original equipment and aftermarket specialty tires and wheels for the agriculture, construction, outdoor power equipment, powersports, high speed trailer and manual markets. The diverse portfolio of solutions are offered under several leading brands including Carlisle® tires and wheels, ITP® tires and wheels, as well as Cragar®, Black Rock® and Unique® wheels and Marastar® manual tires. The Carlstar Group employs over 3400 associates in 17 facilities located in 4 countries. The Carlstar Group has a culture of converting great ideas into advanced products and has created a legacy of excellence in product innovation, quality, and customer service. For more about The Carlstar Group, visit www.carlstargroup.com

PROPOSITION 65

California's Proposition 65, also known as the Safe Drinking Water and Toxic Enforcement Act of 1986, requires the Governor of California to publish a list of chemicals known by the state to cause cancer, birth defects or other reproductive harm. The complete list of Prop 65 chemicals is available here: http://www.oehha.ca.gov/prop65/prop65_list/Newlist.html

This notice is intended to warn Carlstar's customers that some products distributed by the Carlstar Group in California contain chemicals that are included on California's Prop 65 list. Such products include:

| | | |
|--------------------|---|----------------------------|
| Tires | alpha-styrene, butadiene, cadmium, carbon black | cancer / reproductive harm |
| Wheels | cadmium, beryllium, hexavalent chromium | cancer / reproductive harm |
| Valve Stems | carbon black | cancer |
| Sealant | ethylene glycol | reproductive harm |

which is [are] known to the State of California to cause both cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

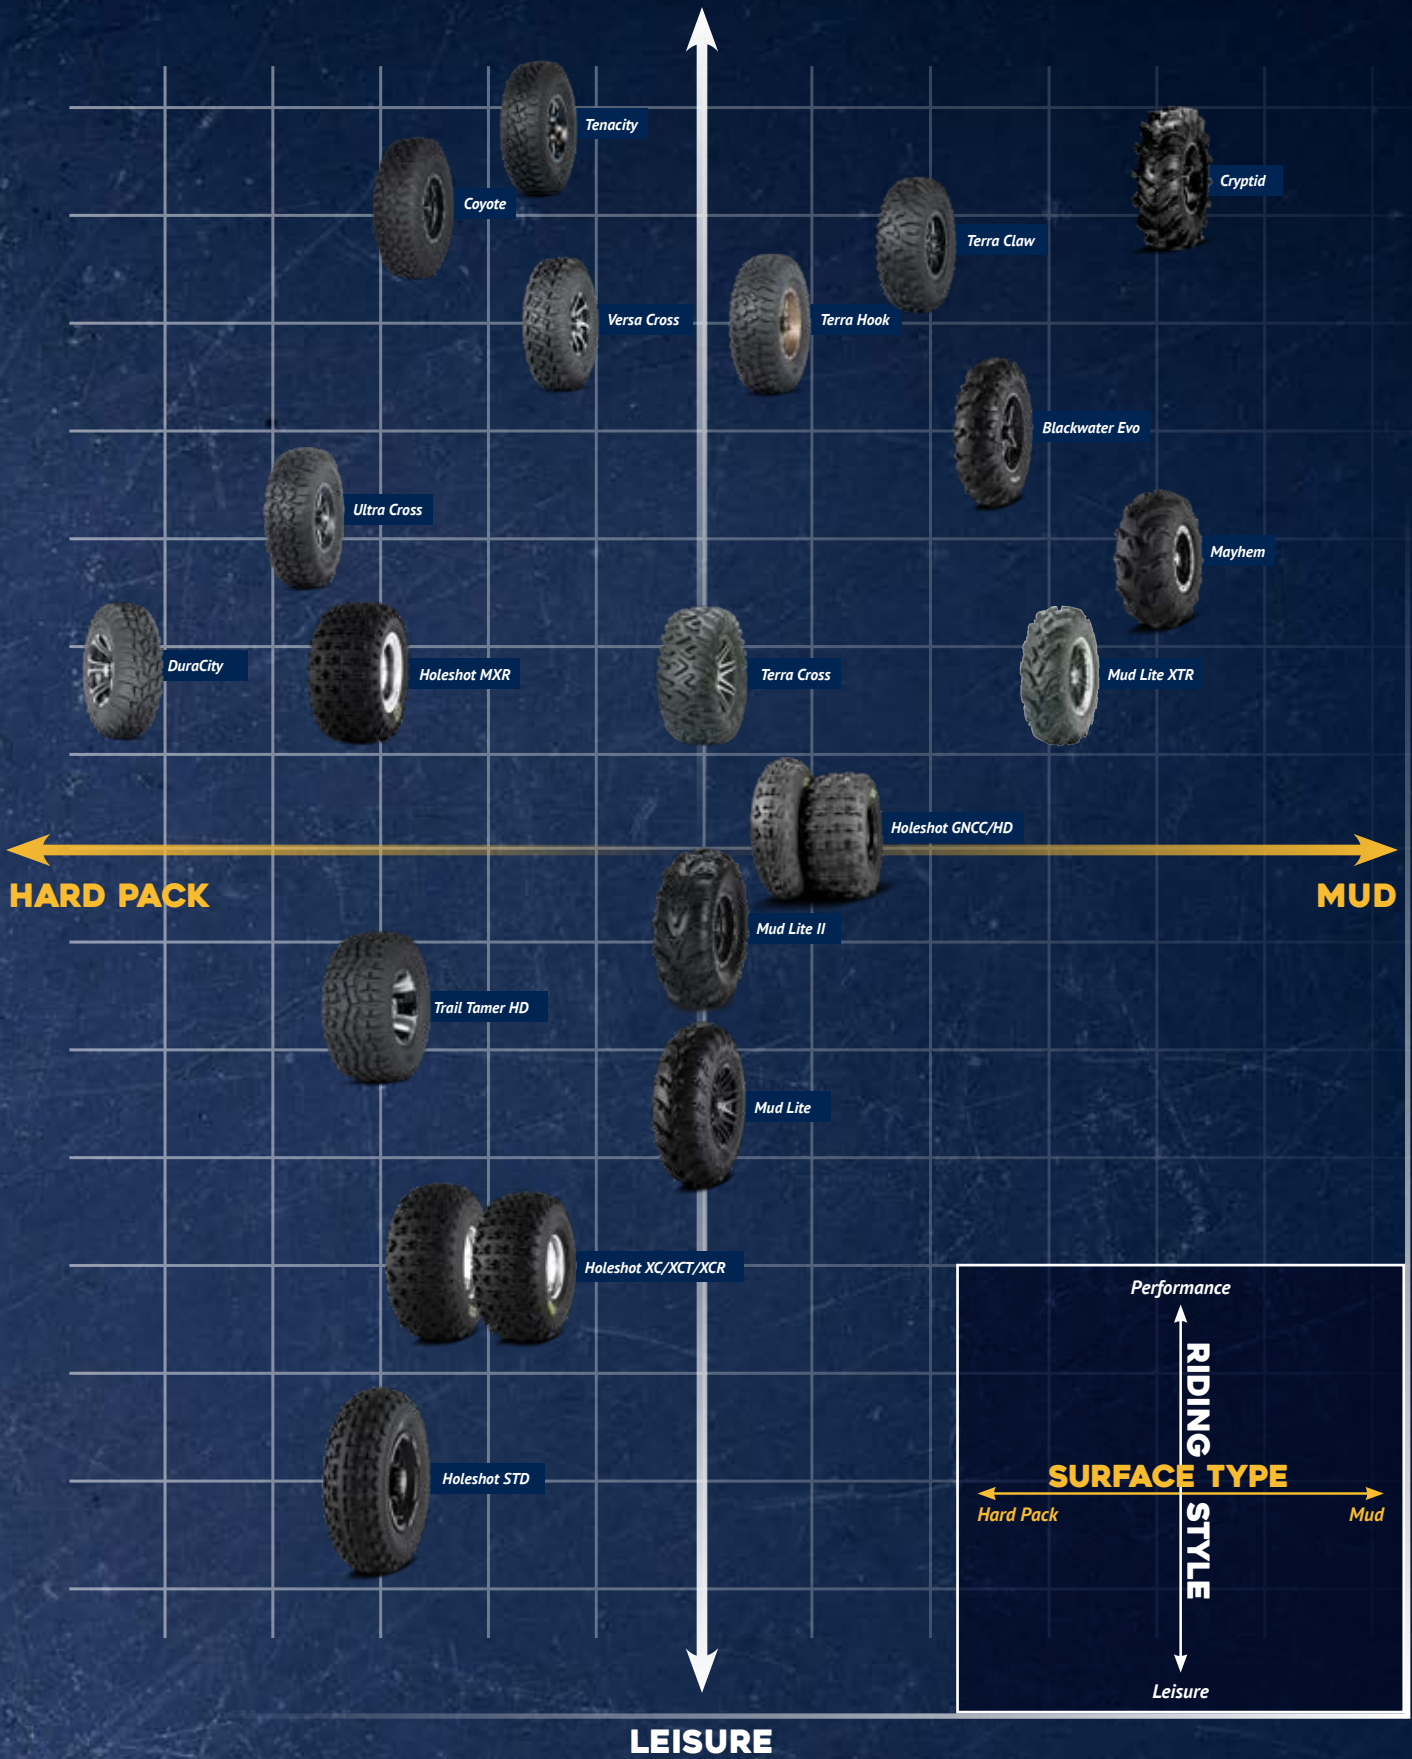

The Carlstar Group has chosen to provide this warning based on its knowledge about the presence of one or more Prop 65 chemicals in its products. The Carlstar Group has not attempted to evaluate the level of possible exposure. Products distributed by the Carlstar Group may contain listed chemicals at levels that are below the Proposition 65 level of concern, or could even be zero. Out of an abundance of caution, the Carlstar Group has elected to place the Proposition 65 warning notification on all its products that contain chemicals identified on California's Prop 65 list.
